

WHY DO I NEED TO PURCHASE A BIN OR BINS?

- Safe dry storage place for your waste.
- Keeps waste materials clean for recycling.
- Maximises volume of waste in the liner and therefore reduces your disposal costs.

WHERE WILL MY WASTE GO?

Most plastics will go for recycling in order to keep the costs down. Landfill is becoming prohibitively expensive.

In association with Solway Recycling Ltd bin and liner system

TELEPHONE: 01949 869172 • FAX: 01949 869133
email:towns@harby.co.uk • www.harby.co.uk/towns

HOW DO I JOIN THE SCHEME?

Call the office and we will send you the details, or apply on line, www.harby.co.uk/towns
You purchase one or more Solway Bins (according to your waste types) and you are then set up.

WHEN WILL YOU COLLECT?

You telephone or fax us when you have three or more liners full and we will collect.

HOW DO YOU CHARGE?

You pay only for what you produce. We charge a set fee per liner removed from the farm. (Subject to a minimum charge of 3 liners per year).

WHO ARE PAUL R TOWNS LTD?

We are the Agricultural Specialists for the East Midlands region.

WASTE RECYCLING SERVICE

FOR
ARABLE AND STOCK FARMERS

The one stop recycling service for farmers for all your non-organic farm wastes

BWARE OF THE NEW AGRICULTURAL WASTE LEGISLATION

FARMERS GUIDE TO THE MOVEMENT OF NON-HAZARDOUS WASTES FROM FARMS

New legislation in England and Wales will mean that all wastes on farms are controlled. In line with this legislation all farmers will have a duty of care to dispose of their waste properly. Our system will allow you to transfer your waste to a registered waste carrier. We will provide you with a waste transfer note. You will require these waste transfer notes to prove to the Environment Agency or Farm Assurance Inspector or other regulatory body that you have disposed of your farm waste in an acceptable and legal manner.

NON-HAZARDOUS WASTE

Please segregate your waste into the following categories using the SOLWAY BIN & LINER SYSTEM ready for collection.

SOLWAY BIN & LINER SYSTEM

NET WRAP
BALER TWINE
DRAINAGE PIPE
PVC TAPE LABELS
FERTILISER BAG LINERS

The Solway Bin and Liner System has been developed over the last 10 years in Scotland where it has proved to be a practical and affordable method of removing waste packaging from farms. We aim to make this tried and tested system the one stop waste solution for East Midland Farmers for years to come.

We are in a unique position to provide the first NON-HAZARDOUS recycling service in England and Wales. Our understanding of the new legislation gives you a point of inquiry for any of the new legislations regarding waste disposal. With many years of agricultural experience the service is designed to make life easier for the busy farmer. We welcome any enquiries and look forward to hearing from you.
